GG (Good Government)	LB216 Carryover Bill	Harr	Introduced Jan. 10, 2017. Hearing held on Jan. 20, 2017. Referred to Executive Board and held there. Final Status: Indefinitely Postponed (IPP) April 18, 2018	Adopt the Redistricting Act. This bill creates the Independent Redistricting Citizen’s Advisory Commission for the purpose of assisting the Legislature in the process of redistricting in 2021 and thereafter. The proposed commission would develop new district maps for six governmental bodies: the U.S. House, Legislature, Public Service Commission, University of Nebraska Board of Regents, State Board of Education and Nebraska Supreme Court. Lawmakers would retain the final say-so over the districts. LB216 provides a means by which to reduce the incidence of oddly-shaped gerrymandered districts whose lines are drawn in such a way as to isolate citizens of one predominant political party or another. Iowa successfully uses an independent commission for redistricting that has met favor with the governor and both Democrats and Republicans.	Support
GG	LB290 Carryover Bill	Vargas	Introduced Jan. 11, 2017. Referred to Government, Military and Veterans Committee. Hearing scheduled for March 9, 2017. Held in committee. Vargas filed AM1472 on Jan. 3, 2018. Final Status: IPP April 18, 2018	Provide for voter registration upon application for driver's license, state identification card, or certain benefits. Nebraskans applying for or renewing a driver’s license would be automatically registered to vote under this bill. Currently, people can register to vote through the DMV, but they must opt in to register to vote. LB290 would require people to opt <u>out</u> of registering to vote. Automatic registration to vote would also apply to anyone applying for or renewing applications for public assistance programs through the Nebraska Department of Education and Health and Human Services. Passage of LB290 has the potential to significantly increase the number of Nebraskans who cast ballots on Election Day.	Support

GG (Good Government)	LB1066	Murante	<p>Introduced Jan. 17, 2018. Wayne motioned to indefinitely postpone pursuant to Rule 6, Section 3(f). Referred to Government, Military and Veterans Affairs (GMVA) Committee on Jan. 19, 2018. Notice of hearing for Feb. 8, 2018.</p> <p>Final Status: IPP April 18, 2018</p>	<p>Require photographic identification for purposes of voting. Senator Murante introduced three bills relating to voter identification: LB1064, LB1065, and LB1066. LB 1066 would require Nebraskans to provide photo ID in order to vote. The bill requires the secretary of state to provide IDs, with the cost covered by the state. Accepted IDs would include a drivers license, a state-, college- or university-issued ID, a passport, or a military ID. AAUW-NE believes this bill would put costly and unnecessary barriers in the way of people’s right to vote. LB1066 is yet another effort to solve a problem that essentially does not exist in Nebraska: voter fraud.</p>	Oppose

GG	LR1CA Carryover Resolution	Murante	<p>Introduced Jan. 5, 2017 and referred to GMVA committee. Hearing scheduled for Mar. 2, 2017. Placed on general file Apr. 21, 2017. Larson made LR1CA a priority resolution on Feb. 20, 2018. Morfeld filed AM2805 and AM2805 on Apr. 4, 2018. Morfeld motioned to recommit to Government, Military and Veterans Affairs Committee on Apr. 4, 2018. Chambers filed FA145 and FA144 on Apr. 4, 2018. Murante made a motion MO326 and withdrew it on Apr. 5, 2018. Murante made a motion MO325 to invoke cloture on Apr. 5, 2018. Motion MO325 failed on Apr. 5, 2018.</p> <p>Final Status: IPP April 18, 2018</p>	<p>Constitutional amendment to require voter identification. At the November 2018 election, Nebraska voters would be asked to approve a constitutional amendment that would require each voter to present identification that contains a photograph or digital image of the voter before they could cast a ballot. This is a constitutional amendment that would require each voter to present identification that contains a photograph or digital image of the voter before they can cast a ballot. The Nebraska constitution declares that elections “shall be free and there shall be no hindrance.” Voter ID does nothing to preserve the relative power of each citizen’s right to vote. Instead, it makes it harder for eligible citizens to vote by creating an unnecessary barrier to exercise the franchise in an effort to “solve a problem” that essentially does not exist: voter fraud. This proposal will cost the state millions of dollars to implement and impose a significant cost on each county to put the amendment on the ballot. It will disenfranchise thousands of low income citizens, college students, people who don’t drive or move frequently, senior citizens, and people with disabilities —all of whom should be able to participate in our elections without charge for an ID. A similar constitutional amendment to require voter ID passed in Missouri as a result of the November 2016 election.</p>	Oppose

GG	LR15CA Carryover Resolution	Morfeld	Introduced Jan. 18, 2017 and referred to GMVA committee. Notice of hearing for Mar. 16, 2017. Final Status: Held in committee. Final Status: IPP April 18, 2018	Constitutional amendment prohibiting requiring a voter to present identification prior to voting. LR15CA seeks to protect the fundamental constitutional rights of each eligible citizen by amending the Nebraska constitution to prohibit a requirement to require identification prior to being able to vote. If passed by the Legislature, LR15CA would appear on the November 2018 general election ballot.	Support
SEJ (Social & Economic Justice)	LB173 Carryover Bill	Morfeld *See co-sponsors in description	Introduced Jan. 10, 2017 and referred to Judiciary Committee. Hearing scheduled for Feb. 22, 2017. Final Status: Placed on General file March 1, 2017. Bolz priority bill on March 9, 2017. Final Status: IPP April 18, 2018	Prohibit discrimination based upon sexual orientation and gender identity. LB173 would ban job discrimination based on sexual orientation or gender identity in Nebraska. Senator Morfeld introduced a similar measure in 2015 with the backing of several business leaders, but it was killed by opponents. They argued the measure was unnecessary and could interfere with the religious rights of employers. Morfeld continues to bring the measure back because he believes it is the right thing to do. *Co-Sponsors: Crawford, Hansen, Howard, Kolowski, McCollister, Pansing Brooks, Vargas, Walz, Wayne, Wishart	Support

The first increase would push the wage up from the current \$2.13 per hour to \$3.60, or 40% of the minimum wage for all other jobs by January 1, 2019. the second step would push it to \$4.50 hourly, or 50% of the general minimum wage in Nebraska to \$9 an hour. HC/HI	LB441 Carryover Bill	Morfeld	Introduced Jan. 17, 2017 and referred to HHS Committee. Notice of hearing for Mar. 8, 2017. Vargas name added on Mar. 30, 2017. Hansen name added Apr. 26, 2017. Final Status: IPP April 18, 2018	Change eligibility provisions under the Medical Assistance Act. LB441 would expand Medicaid coverage to about 90,000 more Nebraskans that would include single adults and couples without minor children, as well as to parents and disabled people with incomes up to 133% of the federal poverty level. Current law provides at least 90% federal funding for the expanded coverage, higher than the typical federal share for Medicaid. Regardless of the Trump administration's focus on repealing the Affordable Care Act and replacing it with an as-yet-to-be-determined plan, Senator Morfeld believes the repeal will not take effect for a few years. He believes having a Medicaid expansion plan now would put our state in a good position to take full advantage of the promised replacement plan.	Support

PE	LB804	Brasch	<p>Introduced Jan. 4, 2018 and referred to Revenue Committee. Notice of hearing for January 26, 2018. Morfeld filed AM1893 on Feb. 15, 2018.</p> <p>Final Status: IPP April 18, 2018</p>	<p>Include elementary and secondary schools in the Nebraska educational savings plan trust and change tax benefits. LB804 would allow up to a \$10,000 tax deduction per year per tax filer for tuition at a K-12 private school. This would cost Nebraska millions in state revenue and hurt the funding of our public schools. There is no indication that LB804 would entice additional enrollment to private schools as supporters claim. AAUW-NE supports public education and opposes efforts to divert public tax dollars to support private schools. Nebraska currently ranks 49th in state funding for K-12 public education on a per pupil basis. Passage of this bill would only make that ranking worse.</p>	Oppose

The estimated current rate of appropriation is 48%. Its passage would provide direct property tax relief.</p>	Support
